

Pełna lista pasożytów i stadiów (bez duplikatów)

1. Ancylostoma caninum
2. Ancylostoma caninum – Egg
3. Ancylostoma caninum – Female
4. Ancylostoma caninum – Male
5. Ancylostoma caninum – Larva
6. Ancylostoma caninum – Filariform larva
7. Ancylostoma braziliense
8. Ancylostoma braziliense – Female
9. Ancylostoma braziliense – Male
10. Ancylostoma duodenale – Male
11. Ancylostoma duodenale – Egg
12. Ancylostoma duodenale – Larva
13. Ancylostoma duodenale – Rhabditiform larva
14. Ascaris lumbricoides – Female
15. Ascaris lumbricoides – Male
16. Ascaris lumbricoides – Egg
17. Ascaris lumbricoides – Unfertilized egg
18. Ascaris lumbricoides – Larva
19. Ascaris megalocephala
20. Amblyomma americanum
21. Babesia bigemina
22. Babesia canis
23. Balantidium coli – Cyst
24. Balantidium coli – Trophozoite
25. Bdelloura candida
26. Besnoitia – Cyst
27. Blastocystis hominis
28. Borrelia
29. Brugia malayi – Microfilaria
30. Capillaria hepatica
31. Capillaria hepatica – Egg
32. Chilomastix mesnili – Cyst
33. Chilomastix mesnili – Trophozoite

34. *Chilomonas*
35. *Chlamydia*
36. *Cimex*
37. *Clonorchis sinensis*
38. *Clonorchis sinensis* – Egg
39. *Clonorchis sinensis* – Cercaria
40. *Clonorchis sinensis* – Metacercaria
41. *Crithidia fasciculata*
42. *Cryptocotyle lingua* – Adult
43. *Cryptocotyle lingua* – Cercaria
44. *Cryptocotyle lingua* – Redia
45. *Cryptosporidium*
46. *Ctenocephalides felis*
47. *Culex* – Adult female
48. *Dermacentor andersoni*
49. *Dermacentor variabilis* – Male
50. *Dicrocoelium dendriticum*
51. *Dientamoeba fragilis*
52. *Diphyllbothrium* – Egg
53. *Diphyllbothrium* – Scolex
54. *Diphyllbothrium latum*
55. *Diphyllbothrium latum* – Immature proglottid
56. *Diphyllbothrium latum* – Mature proglottid
57. *Dipylidium caninum*
58. *Dipylidium caninum* – Egg
59. *Dipylidium caninum* – Scolex
60. *Dipylidium caninum* – Immature proglottid
61. *Dipylidium caninum* – Mature proglottid
62. *Dirofilaria immitis*
63. *Dirofilaria immitis* – Microfilaria
64. *Echinococcus granulosus*
65. *Echinococcus granulosus* – Adult
66. *Echinococcus granulosus* – Egg
67. *Echinococcus granulosus* – Scolex

68. *Echinococcus granulosus* - Cyst
69. *Echinococcus multilocularis* - Cyst
70. *Echinostoma trivolvis* - Adult
71. *Echinostoma trivolvis* - Cercaria
72. *Echinostoma trivolvis* - Redia
73. *Eimeria stiedae*
74. *Eimeria tenella*
75. *Endolimax nana* - Cyst
76. *Endolimax nana* - Trophozoite
77. *Enterobius vermicularis*
78. *Enterobius vermicularis* - Egg
79. *Entamoeba coli* - Cyst
80. *Entamoeba coli* - Trophozoite
81. *Entamoeba hartmanni* - Cyst
82. *Entamoeba hartmanni* - Trophozoite
83. *Entamoeba histolytica* - Cyst
84. *Entamoeba histolytica* - Trophozoite
85. *Eurytrema pancreaticum*
86. *Fasciola hepatica*
87. *Fasciola hepatica* - Egg
88. *Fasciola hepatica* - Cercaria
89. *Fasciola hepatica* - Miracidium
90. *Fasciola hepatica* - Redia
91. *Fasciolopsis buski*
92. *Fasciolopsis buski* - Egg
93. *Fasciolopsis buski* - Cercaria
94. *Fasciolopsis buski* - Miracidium
95. *Fasciolopsis buski* - Redia
96. *Gastrothylax*
97. *Giardia lamblia* - Cyst
98. *Giardia lamblia* - Trophozoite
99. Gregarine
100. *Gyrodactylus*
101. *Haemonchus contortus*

102. *Haemoproteus*
103. *Hemogregarina*
104. *Heterophyes*
105. *Histomonas meleagridis*
106. *Hymenolepis diminuta*
107. *Hymenolepis diminuta* – Egg
108. *Hymenolepis nana*
109. *Hymenolepis nana* – Egg
110. *Iodamoeba butschlii* – Cyst
111. *Iodamoeba butschlii* – Trophozoite
112. *Isospora* – Oocyst
113. *Leishmania donovani* – Promastigote
114. *Leishmania mexicana* – Promastigote
115. *Leishmania tropica*
116. *Leishmania tropica* – Promastigote
117. *Leptospira*
118. *Leucocytozoon*
119. *Loa loa*
120. *Macracanthorhynchus hirudinaceus*
121. *Macracanthorhynchus hirudinaceus* – Egg
122. *Mansonella*
123. *Metagonimus*
124. *Moniezia expansa*
125. *Moniezia expansa* – Egg
126. *Moniezia* – Scolex and segment
127. *Naegleria fowleri*
128. *Naegleria fowleri* – Trophozoite
129. *Necator americanus* – Adult
130. *Necator americanus* – Egg
131. *Necator americanus* – Infective larva
132. *Necator americanus* – Filariform larva
133. *Neobenedenia melleni*
134. *Notocotylus quinqueserialis*
135. *Onchocerca volvulus*

136. *Opalina* – Trophozoite
137. *Paragonimus westermani*
138. *Paragonimus westermani* – Egg
139. *Paragonimus westermani* – Cercaria
140. *Paragonimus westermani* – Metacercaria
141. *Paragonimus westermani* – Redia
142. *Pediculus humanus capitis*
143. *Plasmodium berghei*
144. *Plasmodium cynomolgi*
145. *Plasmodium falciparum*
146. *Plasmodium malariae*
147. *Plasmodium vivax*
148. *Pneumocystis carinii*
149. Protozoa – Mixed
150. Psittacosis
151. *Pulex irritans*
152. Sarcocystis
153. Sarcocystis – Cyst
154. Sarcocystis cervi
155. *Sarcoptes scabiei*
156. *Schistosoma haematobium*
157. *Schistosoma haematobium* – Female
158. *Schistosoma haematobium* – Adult pair
159. *Schistosoma haematobium* – Egg
160. *Schistosoma japonicum*
161. *Schistosoma japonicum* – Male
162. *Schistosoma japonicum* – Female
163. *Schistosoma japonicum* – Egg
164. *Schistosoma japonicum* – Cercaria
165. *Schistosoma japonicum* – Miracidium
166. *Schistosoma japonicum* – Sporocyst
167. *Schistosoma mansoni*
168. *Schistosoma mansoni* – Adult female
169. *Schistosoma mansoni* – Adult male

170. *Schistosoma mansoni* - Adult
171. *Schistosoma mansoni* - Egg
172. *Schistosoma mansoni* - Cercaria
173. *Schistosoma mansoni* - Miracidium
174. *Schistosoma mansoni* - Sporocyst
175. *Spirometra mansoni* - Egg
176. *Spirometra mansoni* - Immature proglottid
177. *Spirometra mansoni* - Mature proglottid
178. *Strongyloides stercoralis* - Adult
179. *Strongyloides stercoralis* - Parasitic female
180. *Strongyloides stercoralis* - Larva
181. *Taenia* spp. - Egg
182. *Taenia* - Scolex
183. *Taenia* - Immature/Mature/Gravid proglottid
184. *Taenia saginata* - Adult
185. *Taenia saginata* - Egg
186. *Taenia saginata* - Immature proglottid
187. *Taenia solium* - Scolex
188. *Taenia solium* - Egg
189. *Taenia solium* - Cyst
190. *Toxocara canis*
191. *Toxocara canis* - Egg
192. *Toxoplasma gondii*
193. *Toxoplasma gondii* - Brain
194. *Toxoplasma gondii* - Liver
195. *Toxoplasma gondii* - Peritoneum
196. *Toxoplasma gondii* - Tissue smear
197. *Trichinella spiralis* - Female
198. *Trichinella spiralis* - Male
199. *Trichinella spiralis* - Encysted larva
200. *Trichinella spiralis* - Mobile larva
201. *Trichinella spiralis* - Muscle larva
202. *Trichinella spiralis* - Digested larva
203. *Trichomonas muris*

- 204. *Trichomonas vaginalis*
- 205. *Trichuris trichiura*
- 206. *Trichuris trichiura* - Egg
- 207. *Trypanosoma brucei*
- 208. *Tunga penetrans*
- 209. *Xenopsylla cheopis*
